

Centurion™ Composite Fabric

Ultralight Tactical Carrier

Designed and manufactured by Camp 7 Design utilizing Honeywell Centurion composite material. The concept exploits the strength of Centurion composite fabric and the manufacturing efficiency and ease of the laser cutting process.

FEATURES

1. Laser cut MOLLE compatible surfaces
2. Trilogrid (pat pend) cut improves strength, saves weight, eases threading of pouches, and increases pouch stability
3. Integrated laser cut ID graphics
4. Cut in window for loop fasteners
5. Cut in windows for ventilation
6. Integrated (No Webbing) man down strap
7. Integrated no grommet badge pin attachment
8. Integrated drain holes for water or debris

Centurion™ Composite Fabric – Powered by Spectra® fiber
